### Ecology Station

We have received a complaint about recycling not being cleaned when deposited in the tub. Please be sure to wash all items that you place in the recycling bin. No styrofoam of any kind is recyclable.

REMINDER: The Ecology Station is now open on Wednesday from 10-4 and Saturday from 8-4.

### Fruitland Trails

Please join the Friends of the Fruitland Township Multi-Use Trail for our St. Patrick's Day Trail Discovery Event! This time, it's free! It's Anderson Woods at 4000 Simonelli Road--Saturday March 17<sup>th</sup> from 1:00 to 3:00 pm. We'll be exploring this West Michigan Land Conservancy addition to our township, an 80 acre, handicapped accessible stand of evergreen and deciduous trees, home to many birds and other native species. Bring your binoculars, dress for the weather, and help discover a pot of gold in this lovely forest! Bring the whole family, a camera, drink some minty hot chocolate and win some prizes! Fun for all!

The Friends of the Fruitland Township Multi-Use Trail (FFTMT) is a group of outdoor enthusiasts looking to develop a multi-use accessible trail system in Fruitland Township. These trails will provide safe, naturally beautiful, low-cost opportunities for non-motorized transportation, exercise and recreation for all. The ultimate goal of this group and its partners is to create a trail network that connects existing trails and parks and traverses the Township from Lake Michigan to the Berry-Junction Trail <http://fruitlandtrails.com> or Facebook: Fruitland Trails

Best,  
Supervisor Marcia Jeske

### Ecology Station

We have received a complaint about recycling not being cleaned when deposited in the tub. Please be sure to wash all items that you place in the recycling bin. No styrofoam of any kind is recyclable.

REMINDER: The Ecology Station is now open on Wednesday from 10-4 and Saturday from 8-4.

### Fruitland Trails

Please join the Friends of the Fruitland Township Multi-Use Trail for our St. Patrick's Day Trail Discovery Event! This time, it's free! It's Anderson Woods at 4000 Simonelli Road--Saturday March 17<sup>th</sup> from 1:00 to 3:00 pm. We'll be exploring this West Michigan Land Conservancy addition to our township, an 80 acre, handicapped accessible stand of evergreen and deciduous trees, home to many birds and other native species. Bring your binoculars, dress for the weather, and help discover a pot of gold in this lovely forest! Bring the whole family, a camera, drink some minty hot chocolate and win some prizes! Fun for all!

The Friends of the Fruitland Township Multi-Use Trail (FFTMT) is a group of outdoor enthusiasts looking to develop a multi-use accessible trail system in Fruitland Township. These trails will provide safe, naturally beautiful, low-cost opportunities for non-motorized transportation, exercise and recreation for all. The ultimate goal of this group and its partners is to create a trail network that connects existing trails and parks and traverses the Township from Lake Michigan to the Berry-Junction Trail <http://fruitlandtrails.com> or Facebook: Fruitland Trails
